Giroud Treework for Charity **Overview**

Giroud Treework for Charity was established in 1997 to help local non-profit organizations preserve their irreplaceable trees and ensure safety. It has already provided free tree care to numerous area organizations including: Abington Arts Center, Abington, Hatboro and Morrisville YMCAs, Briar Bush Nature Center, Churchville Nature Center, East Falls Tree Tenders, Pine Road School Nature Trail, Libertae, Inc., Pine Run Park, Moland House, Historic Langhorne Association, Pennypack Ecological Restoration Trust, Pegasus Riding Academy and Fallsington, Jenkintown and Abington Libraries.

To ensure our program continues to reach organizations with the most serious needs, we have established the following guidelines to evaluate Contributions Applications. If your application is approved, please know that scheduling can take a significant amount of time and may be delayed until our slower season.

Program Guidelines

Program Focus

Parks, historic sites and museums whose programs are enhanced by their trees will receive priority consideration. Additionally, preference will be given to trees posing a safety hazard and older trees that have an historical or environmental significance. An organization must be able to demonstrate that the tree(s) would not be preserved or removed without help from Giroud.

Eligible Organizations

We welcome applications from any 501(c) 3 organization that is open to the entire community on a nonsectarian basis.

Geographic Location

An organization must be located within Giroud's service area of Montgomery, Bucks and Philadelphia Counties.

Requesting Help from the Program

Organizations meeting the above guidelines may complete a Contributions Application.

If you have any questions regarding the program or would like to request a Contributions Application, please call our office at (215) 682-7704.
